

NORTH AMERICAN SPEAKERS AND CHINESE LANGUAGE LEARNERS FOR 4 WEEKS IN AN ENCLOSED ENGLISH-SPEAKING ENVIRONMENT.

Total immersion is what happens when someone is surrounded by another language 24 hours a day, every day - like being in another country. It is impossible not to learn language in such an environment! Developed by ESEC founder Danny Yu, TIP uses a right-brained, student-centered, child-like approach to learning designed to improve students' oral English in only 17 days.

program overview

A STRATEGIC, TEAM-BASED APPROACH TO BRING PEOPLE TOGETHER FOR CHRIST

TIP students come from every corner of China to improve their language skills. They accomplish this by participating in different activities throughout the day, such as Class Time, Game Time, Morning Motivational Time, Meals, etc. By surrounding themselves in a totally English environment, students improve quickly. By Attacking their limitations, Building their confidence, and Committing themselves (the ABC's), students are successful in their personal and professional learning.

TIP brings together a team of diverse people united by a love for Christ. As they serve together, teachers learn the importance of cooperation and teamwork.
